This world is magical. Another magical power is creation. Who can explain this? Who can define creation? Even if one could explain, it would be like explaining the rainbow, blindfolded.

Birth...... Life’s biggest magic!
Thank you.

When will our country move towards complete federalism? Sabrili ma'am?

We will now realize that writing the constitution was the easy part. The challenges have just begun.

We still have a lot of work to do before the general elections.

Dad, will you bring me a new Cricket PSP cartridge?
Mom please... it's my favourite.

First studies and then cricket.

Mr. Ramananda, the recent development has been that your party is going to lead the government.

...Your party is seen as one of the smaller parties. How was this possible?
...in a democracy, all the parties have equal importance. Sampurna Nepal Party...

I don't know. Getting Ministries will be a big challenge for us.

...performed an important role of mediating that helped get the constitution passed. There was a consensus that Mr. Ramananda would be the Prime Minister in this interim period.
Finally father's dream is coming true.

Did you manage to invite everyone for tomorrow's party?

If anybody's left out, you should inform them right away.

Baby girl is kicking my belly all day. She just wants to get out soon.
Sahai: I have that feeling.

Kehi din ek n muh batati, bahar pharkhadi ni.

Few more days and we'll all find out.

By when will the cabinet of Ministers be decided?

We are discussing over it.
It's been two years since the accident.

Physiotherapy is the key. Is he exercising regularly?

Sometimes it takes longer than we think.

If none of us are with him, he misses it. Otherwise, it's regular.
Your time and encouragement is critical at this time.

By the way, congratulations. Your party got the Prime Ministership.

I’ve proposed an internal election for parliamentary party leader.

That’s not the point, Yubaraj. Our party has become popular because we’re inclusive and democratic. We have to keep up with the times.
Party convention has made the decision. Wagle and you’re voted as vice presidents. Yubaraj as the secretary. Three of you could easily manage.

Yes, we are focused. Certainly, we have to get the right Ministries.
Namaste! Namaste!

It's our turn to grab the opportunity. So let's celebrate.

I want to welcome you all.

Let's hope our tenure in government...

...will be as sweet as my wife's nice pudding.
A bit unstable since the student elections were cancelled.

Oh, And where is Niranjan?

So which ministries are being bargained for?

Since we got the Prime Ministership, we have less chance of getting other major ministries. Let's see.
Why do you always spin my words? What I wonder is how a small party like ours is getting the Prime Ministership?

As student leaders, you both are strong pillars of the Party. The reason why we have come out a winner is because of our character. We move ahead together for a common goal.

There can be differences amongst us. But for the nation's interest and that of the public, we also have the ability to move ahead respecting our differences.
I am inside the hospital premises. This is the same hospital where...

How long will it take for him to recover?

It's difficult to say anything right now, Asha. Let his heart function normalize first.

Why don't you and Yubraj attend? I'll prepare for the parliamentary party leader elections.

And, we have an important meeting with party leaders today.

How can we hold the meeting in my father’s absence?

Mr. Ramananda of Sampurna Nepal Party has been admitted. In about 48 hours, he is to take oath as the Prime Minister.

... totaling to 21 votes.

Similarly, our third candidate, Mr. Yubaraj Jha has received....
Of the three candidates, there has been a tie between Mrs. Asha Singh and Mr. Yuban Jha.

His vote will break the tie and declare the winner.

Only Mr. Ramananda’s vote is left.

Tomorrow is the official oath-taking ceremony. If Mr. Ramananda is a true leader, he will hand over the reins to his successor.
Ramananda Jha wouldn't be the first leader with health issues.

The time has come to think about it. If an unhealthy leader insists on leading a nation, wouldn't it be risking the country and people's aspirations?

Ramananda is watching the talk show.

Ahh! Don't switch off the TV.
Have faith. You devoted your life for this. It is your time.

I wonder if I really can...

Your son is also an able candidate now. He will do it.

Kamal KC, you’re a civil society leader and entrepreneur. You’ve advised Sampurna Nepal Party on policy. Tell us more about their senior members.
Asha Singh is popular within the party and her constituency. We are familiar with her achievements as Minister of Peace and Reconstruction.

And Nanda Wagle is the party vice president. He might be a lesser known face, but has a valid reputation.

No one in the party is at his level. There must be a way.

More responsibility at this time could worsen his condition, Asha.

I can’t do it anymore, Asha.
Sir, this is your time and this is your dream. As well as ours.

My health won’t permit me. The country needs a strong leader now. It’s time to move forward. Only the Party President or the Parliamentary Party Leader is eligible to be Prime Minister.

The Prime Minister must be someone who is loved by the people and respected by the Party.
During this coalition government, we need someone with a vision who can be a bridge uniting everyone.

People say our party helped build consensus to pass the Constitution. But you and I know whom the actual credit goes to.

I have made my decision. We can't allow the other parties to get into their act.
You know Sahana, I have a feeling that father will vote for me for the Prime Ministership. I am quite confident.

For health reasons, I have decided not to take the post of Prime Minister. According to our by-laws, the next in line for Prime Ministership is the Parliamentary Party Leader.
But will Mr. Thapa and Mr. Malla accept this?

This is our party’s democratic decision. They will have to accept it.

We need to speak to them before this goes to the media.

Please excuse me!
Sampurna Nepal Party held an emergency Central Committee meeting today. The agenda has not yet been made public.

Are you angry at me? Yubaraj, try to understand my decision.

You didn’t think I could do it, or is it that you don’t care?

Are you hereby Mahatpur Gajraj holy.

Finance is a very important Ministry. You will rise from there, and make it to the post of Prime Minister on your own merit. No one has to make you one.

Son, I am always proud of you. You are the father of a child now. You can understand a father’s love for his child.
Tonight we have the man behind the popular blog, Khula Nepal, and journalist Nabin Gurung. Can you share something about your survey please?

I thought the public should have a say in who becomes their Prime Minister. So, I used my blog to give people a voice. The number of participants exceeded 20,000 in just 2 days.

I present you our party’s promising leader, Asha Singh. She will be the next Prime Minister from our party.
I vow to lead a government focused on all Nepalis. To honor our new Constitution, I am grateful for the patience of the Nepali people.

There is still much work to be done. We need gas, electricity, water, fuel. We need to create job opportunities at home. We need policies that will help protect workers overseas.

Remaining reconstruction work from the earthquake of 2015 is also the responsibility of this government. But we cannot do this alone.

I invite you all to take part in this endeavor. Our success is only possible through our collective effort. Thank you.
Is Nepal ready for a woman Prime Minister?

Is Asha Singh the right leader for the country's development?

How do we view Asha Singh? The Nepali public's future or the coalition government's puppet?

There might be many who can define creation and with different perceptions. But none of the definition or explanation is complete while the world is intact. But this doesn't mean that we forget the truth. Hope is the ultimate mine for creation. It's a door to a larger universe of possibilities. Without hope, there is no creation.

EPISODE 1: DEMOCRACY, LEADERSHIP, GENDER EQUALITY

STORY:

After the promulgation of the new constitution of Nepal, the coalition Government has agreed to give the Prime Ministership to ‘All Nepal Party’, led by charismatic aging politician Ramananda Jha. While he is slated to be PM, Asha Singh, a rising star within the party, will be the Finance Minister. Jha’s son, Yubaraj, also a talented politician, has been granted a lesser ministry. Shortly before the swearing-in ceremony, Jha suffers a heart attack. He makes a tough choice and amidst rampant skepticism, Asha becomes the first female Prime Minister of Nepal.

QUESTIONS:

1. What did you like about Singha Durbar?
2. What aspects of the story did you believe in?
3. Why do you think Ramananda Jha chose Asha over his own son, Yubaraj?
4. Do you think the present political parties are practicing collaborative leadership?
5. Do you think Nepal is ready for a female Prime Minister? If yes, why? If no, why not?
