Change is inevitable and constant. The ones to fear change are those who fail to accept one's existence. Their entire energy is spent fighting it. But the hero is one who spends his energy on reconstruction.

My father’s innocence should be known in public. I’ll go to court for that. I won’t give up.

Meeting Room

There was a time when we could predict the weather by our festivals.

Now uncertainty wreaks havoc on our farmers and their crops. And our farmers are living a perilous life.

The international community is not doing enough to stop polluting our air. We need to demand more action in next year’s Paris Climate Conference.

I propose that we take a bold stand at the International Climate Conference.

You just had a bypass surgery. Didn’t the doctor tell you not to watch the news? Here, take your medicines.
Have you read about the recent Cycling for Change conference held in India? It's an initiative that focuses on promoting eco-friendly transportation among youth in Asia. It's a great opportunity to inspire change and reduce our carbon footprint.

Do you think it would be feasible to organize a similar event in Nepal? We could focus on promoting sustainable cycling practices among our youth. What do you think?
Very good idea. This will give us a solid footing.

We also need to engage the public. Climate change affects everyone.

Last year the UN successfully organized a climate change video competition.

Why don’t we organize something similar and encourage our youth to make community-based videos?

Stories of people coping with climate change in their own voice.
What could be the prize?

We can base our case on this.

Why? Ramananda is responsible for suppressing the truth of the Birgunj incident. I want my father to be declared innocent. That's what I want everybody to know.

Navin’s Newspaper Office

How’s your father?

He’s fine. Shocked by freedom. He’s still not used to a life outside prison.

The guilty Ramananda is still the party leader? Isn’t this headline a bit biased, Nabin?

I don’t get it, suddenly why is everyone supporting Ramananda?

It’s not that. Where is Ramananda’s side of the story? Doesn’t journalism ethics still apply?

What about ‘Failure of Justice’. Navin, why don’t you write a very personal story about you and your father?
Mr. Ramananda has fought for democracy and been the party’s guardian through good and bad times.

He hasn’t been able to perform his duties for some months. His health isn’t improving. And now the scandal about suppressing evidence that led to an innocent man going to jail.

The court will decide if he is guilty.

We need to be one step ahead of the court.

Everyone knows why my father took that decision. He was trying to initiate a peace process with armed groups.

Sindurwar 6
If the truth about Bingunj had surfaced then, the whole deal to stop armed group violence could have collapsed.

One man was sacrificed for the common good.

So our party is okay with any collateral damage?

Before deciding anything about our party image,

She was chosen by Mr. Ramananda to lead the government.

Let’s hear what the Prime Minister has to say.
म कार्यक्रम निर्माणी प्रथमार्गी समर्थक हैं। इतने पार्टी प्रवृत्तिमय अम्लाला बिखली गयी है।

I didn't become the Prime Minister out of charity. Our party is a democratic party.

हूस ता घन्यावाद।

Ok. Thank you.

काब शर्ति दीर्घमा मेरो अन्तर्वार्तर्त छ। की जल्द होन।

I've got a TV interview tonight; I'm going to need answers.
We believe in democracy and our party has always respected the democratic process and the law.

Justice has always been a political football. This party is no different.

Will Mr. Ramananda remain the party leader if he is convicted in the court?

I cannot answer that now.

She has not started any campaign against you and me. This is your false impression, son.
She's doing this for the party and ultimately she will be proclaimed a hero.

Stop worrying, I’m tired of saying this.

Your son is hot headed but he has a big heart.

We’re taking these potato seeds to the seed bank.

I’m taking this to the seed bank.
New varieties of crops and plants are rapidly replacing the traditional ones in rural areas.

So, to save our traditional crops and plants, Mother's Group has started a seed bank.

How will it help to cope with climate change?

Just like money is deposited in banks, seeds will also be saved in the seed bank and withdrawn when required.

The very first video. But only one so far. We need more publicity.

Nepali: Summima, what’s left for today?

English: Nandini, campaign to get his father released after six years in prison was successful. He spoke on the radio today with N FM.

Nepali: Dinner with the new Election Commissioner and Minister Nandini.

English: No one is above the law. I’ve filed a case in court. I’d request the Prime Minister to act on this matter.

Nepali: She should say something and show some respect for the victims. That’s my hope.

English: Take me to Mr. Ramananda’s residence.
I'm caught in a big dilemma. I cannot decide what to do.

You are my mentor... please help me.

Look at the sun setting. It never tells the earth that she’s indebted.

With a love like that the whole sky is lit up.

I love my party very much... I’ve nurtured it with my blood and sweat, Asha. Let me be like the sun!
How can you ask me to do this? I know you have a soft corner for Ramananda and the party.

But you’re asking me to join hands with the same government that put my innocent father in jail.

If you change your mind, there’s a consultation meeting in Singhha Durbar at 2pm. I’ll put your name at the gate.

Please don’t ask me. I’m boycotting all government programs until Ramananda is behind bars.

Sumit, all I want is to clear my father’s name.
Countries like Nepal often feel like we are just victims.

But that’s not the case. Developed countries are to blame for climate change.
I want to step down as the party president and I want your support.

She was here to tell me this?

She was here to remind me of my duty. When I asked her to take the party's leadership, do you know what she said?

"Vubraj is there for it and leadership is better shared." She wanted to fulfill her commitment as the Prime Minister.

Where were you, dad?

You have forgotten your duties while seeking revenge, son. Let it go. Let’s start a new life. Let’s go home for a while and forget this mess.
Thank you, Madam. We appreciate your support and look forward to working with you on this important initiative.

Madam, may I ask how China is treating our request?

Madam, I would like to also extend our thanks for your efforts in facilitating this meeting. It is a great step forward.

That's great news, Mr. Minister. Thank you for your support.

We look forward to working with China to achieve this milestone.

Thank you, Madam. Your support is invaluable.
The poll will begin in 15 minutes. Please proceed to the auditorium.

This is a very emotional moment for me. I am resigning from the post of party president.

Best of luck to each candidate. Thank you.

It’s time for the next generation to lead.

Who will be the new party leader?
Mr. Nanda Wagle has been chosen as the new party leader by the Central Committee party members. Congratulations!
I am happy that our party still follows and respects the democratic system. Yubaraj was equally qualified for the post.

I already gave you the answer.

I would perhaps have done the same thing.
Why have you brought me here?

For Ramananda sir. He has taken the party to another level.

I am confident that the rest will follow his lead in selecting the right moment for transfer of seat and power.

We can be proud that our party is committed to democracy, is inclusive and full of zeal.

He's a true hero of democracy and a diligent activist. Thank you.
