People go to school, get an education, get married, bear children, weave dreams and go places. Slowly, wrinkles run deep on the face. Is growing up a realization of reality? How is aging different from growing up?

We dreamed of being a government that listens to the public. This radio program is an outcome of that dream.

The power of youth. The student elections is being held next week. And it looks like we're finally going to see a violence free student elections.

Madam Prime Minister, the bill on Youth Council is being presented in the parliament. Don't forget to mention it.

Yes. It's taken two years to get it rolling. Let's hope nothing gets on the way.
I am obliged to all of you. We’ve come this far due to team effort. I’d like to thank you all.

Our banners need to be placed in every campus gate.

We are near the elections. It is also being held after a long gap, hence we need to maintain our influence.

We will follow the code of conduct and solicit votes. We need to garner as many votes as possible.

Collect the materials in our den. The instruction from the top is that we have to win by any means. There’ll be no limits on spending money.

Free Student Union Elections are being held after a long gap, so it has its own importance.
Students have a significant role in bringing about change. But more important than that is our candidate, Niranjan.

Old political system. Old management. How is change possible when you are influenced by it?

Election is not an irresponsible game. Youth are the catalyst to bring about change in the system.

Yes, indeed.

You all know, the Youth Council Bill is all about youth participation. At present this is an extensive change.
Fake students are being enrolled into colleges. Are they legitimate students? Or is it a new way to enhance your vote bank?

That's all nonsense. At least our association haven't done this.

What did you say?

Friends, please calm down. Let's not behave like beasts.

We don't look like humans? What did you mean to say?

What are humans like? What do they think of themselves?
Everyone is worried with the chaos.

The library is on fire!

Let's go fast. The library is on fire!

I really like your program. I think we need initiatives like this in the local level too.

You mean like Gaun Gaun Ma Singha Durbar (Singha Durbar in Every Village), the radio drama?
The civil society is doing more localized drama shows like that. Thank you for your suggestion.

We have another caller with us. Let’s welcome.

But why do political parties interfere in student elections? Would you like to share something on this?

But the parties in our current coalition government are not interfering in the elections.

We cannot change our past, Ms. Pema. As the Chancellor of the University...

I am Pema Sherpa. You’ve said many inspiring things about youth today.

We have another caller with us. Let’s welcome.

But why do political parties interfere in student elections? Would you like to share something on this?

But the parties in our current coalition government are not interfering in the elections.
अनि कबैं जँग, राहुल्लाह भौलिको मान्छे नेता होइन्छ, अनि कबैं धौला कुदुक भन।
And another thing, be leaders of today not just for tomorrow.

आफ्नो मनको आवाज सुनुहोस् र करिको भिख मतापुरुष।
Find your own voice and don’t follow others.

छौरेलो शाखे जनकी आवाज सुनेको होनमा, भानी आफ्ने लाग्दै जान।
They probably found their voice. That’s why they burnt down the library.

आफ्नो पुस्तकालय जाप्पने भिघि मान्छे जाप्ने को आदेश भन्न?
They burn libraries today. Will they hesitate burning human beings’ tomorrow?
The library at Tribhuvan University suffered damages in the fire. According to unclear source, youth leader...

This incident has put the Free Student Union Elections into doubt that are being held after a long gap. There is a strong possibility that the elections will be called off, yet again.

Did you talk to Sumnima? I want to meet her as soon as possible at my residence.
In the commotion Navin and Sumnima find a hiding spot away from the chaos, just the two of them. Sumnima is worried that things have gone out of hand; this news will upset PM Asha. Navin consoles her.

Mr. Vice Chancellor, how do you plan on holding peaceful student elections?

If not, I will have no other option but to postpone the elections. The University’s first priority is education, not politics.

We’ll be talking to the Minister for Youth and sports, Mrs. Nandani Thapa, after a short break.
New Nepal TV - Green Room

It makes me happy to see you doing what you really love.

Prime Minister's - Living Room

I am not satisfied with your explanation, Sunnima. The media are saying our party was behind it.

Niranjan, I was there only to support you.

You said you would manage your political aspirations on your own time. So, it would not interfere with your work here.

Take up politics full time or pay attention to your work. I want your answer within 24 hours.

Bishwas receives a call from Bal Bahadur dai from the orphanage. One of the orphans, 16-year-old Maya has eloped. Bishwas has to try and make it to the orphanage to get more information.

I am not satisfied with your explanation, Sunnima. The media are saying our party was behind it.
Namaste, Madam Prime Minister. The violence on campus is dominating the headlines.

Yes, I read them Bishwas. Prepare a press release mentioning...

...the Government is committed to a nonviolent student elections. And from now on, there won’t be place for violence at educational institutions.

Has Mr. Pandu Das arrived?

Yes, he and his party secretary are waiting.
बिहार तर, आज दुर्गोलाई दौडिए नि।
Yes. But where is Sumnima today?

अब तो दुर्गोलाई दौडिए नि।
Bai Bahadur calling Bishwas.

अब दुर्गोलाई दौडिए नि।
She's not here today.

क्या रहे? तेजसमा जा नहीं रहे?
What? Eloped with the milkman?

लाखौड़ है। तन्दुरस्त मन्दिरमा सो।
You have to give the order to cancel this student election.
The violence is getting worse. There is no point in having elections that puts students’ lives at risk.

What is it that really concerns you Mr. Pandu? Is it the students’ safety or votes for your party’s student leaders?

I want to run the government and that’s the path I am in. I’m not into student politics.

You’ve always opposed local elections and now, even student elections? Don’t you have faith in democracy?
The Youth Council Bill will be up in Parliament next week. Don't you need our party's support to pass it?

Are you joking?

Cancel the election or forget about the Youth Council Bill to be passed in the Parliament.

If your concern is students' safety, then help us stop the violence, not the elections.

There isn't any give and take here, believe me.
Let's rebuild the library.  

What? How? Where do we get the money?

Crowdfunding. I'll use social media. We can discuss the details later. First we should find the determination to do it.

There are rumors that the elections will be cancelled. Nobody understands its consequences.

I need to find a way to prove that I can manage both at the same time.

Has the police found who set fire to the library?

More violence, more destruction. What else than that?

I love my job and I can't give it up. But I can't let go my aspirations either.

Crowd funding. I'll use social media. We can discuss the details later. First we should find the determination to do it.
We should. Without the help from any parties but with the help of people. A joint project of students. Also, didn’t you say you wanted to go for a lassi?

This lock was on my office door this morning.

Maybe we should postpone the elections. Violence could spread to other campuses as well.

Students’ lives are at risk along with the physical property of the University.
Postponing the election is not the solution. It could also lead to more violence. We should hold elections this time.

Of course, there'll be no reason to cancel the elections.

The police are investigating the fire and allegations of admitting fake students. The riot police have also been deployed near all the campuses.

So, I'd like to hear ideas about what else we can do.
Do you know how worried we get when we hear all sorts of news about you? Why can't you be like other girls? Why do you get into all this mess?

Like What? Women from the 18th century? Or like your Hindi tele-seriels?

It's your rebellious nature that gets you into trouble. That's what everyone says.

No one moves ahead by burning down a college library. Is this how you want to achieve your dreams?
I have one surprise for you.

Do you remember?

We were in the final year of college then.

Yeah... We completed college but we never let go of our friendship. Even though we had different political ideologies.

What is the relation of politics with friendship? But I must say, I had never imagined things would turn out this way.

I dreamed, Nandani. But the country wasn’t ready back then.
Watching a football match from the stands is very different from being in the field and aiming a goal. A lot of people want to see me miss a goal.

Asha, I’ve heard rumors that Mr. Pandu is opposing the Youth Council Bill.

Pandu is opposed to the Bill, the student elections, and the local elections. The fact is, he doesn’t want to see this government succeed.

See Asha, we need opportunities for youth, jobs and loans for entrepreneurs.

This Bill has to be passed any how, Asha. Try to calm Mr. Pandu, somehow.
We did not burn the library. So it's not our job to rebuild it. It is the Government's job.

Mr. Gopal, the Government doesn't need the library, we do. Hence, we need to rebuild it and not the Government.

Question here is not who did it and why. Question is can we set an example? That's what we need to prove.

Does that mean we let the violence escalate? If we behave like kids, they'll keep treating us like that.

This is an opportunity to work together for something good.
There won’t be a better campaign than building the library. Instead of empty words, let’s do something concrete.

Ms. Sunnima might be right. We are always treated like puppets.

Our first priority is the library. We will build it and show that we can work together.

Why are we wrecking our head over something that is impossible?

Ok, let’s have a vote then. All those in favor, raise your hand.

It’s enough for us to start. Thank you all.
Gopali is upset and gets up to leave.

Where are you going? This meeting isn't over yet.

Madam Prime Minister, the Youth Council Bill and the Local Elections Bill are slated for a parliamentary vote coming Thursday. Here are the files.

We're yet to gain Mr. Pandu's support. What's the progress on appointing the new Election Commissioner?

Cross out all the names with connections first. Qualifications is our only priority.
Madam Prime Minister, this is the report from the Vice Chancellor on alleged fake student admission. It’s been prepared by the administration along with the representatives of the faculty students.

I’ll also have to take leave. My daughter is leaving for Rolpa today.
हैसलका लगि भर्नवाल, प्रधानमंत्री ज्यू।
Thank you for the encouragement, Madam Prime Minister.

So then, the elections will go ahead?

If it’s peaceful, there’s no reason to not continue. The administration won’t interfere. Best wishes and thank you all.

कुनिमा, काउडेटिने अकिने आवतीही त?
Summima, when are you joining the office?

जो, प्रधानमंत्री ज्यू। मलाई उत्तरको एउटै जमीन बेली। मैं उपाध्यकोभाग एउटा चरणी काम आउँगाँ। म आफ्नो नब्जै नूनो बुङ्ग।
Madam Prime Minister, I need to take leave very urgently. There’s an urgent work at my orphanage. I have to be there anyhow.

स्वाती चाहा हिंदी हुँन्को वियी?
The same where you grew up?
Namaste! I am a journalist. I’m here to collect some information about the library burning incident. Will it be possible to see the library’s CCTV camera footage?

Oh, those got really burnt. I don’t think it’s useful.

Ankur, I’ve got a job for you.

Sorry mate, I think this is beyond recovery.
ए... ये चाही हैं तू।
Oh, see what's happening.

Useless.

Let me see.

They discovered a CCTV footage of the library before it burnt.

We need to get out of it clean.

Outside Pandu Das is webbed by the press.

Your student wing isn't very popular among the students and unlikely to secure victory at the Free Students Union elections.

Due to this, it's alleged that your party started the fire!

And Gopal is also your cadre. Who ordered him to start the fire?

Gopal did not start the fire representing our party. But let's not forget, who might have provoked him to commit that act?

What is your party's opinion about the Youth Council Bill to be passed today?
The violence has ended. Elections are going ahead. The Youth Council Bill is part of Vision 2025 to create...

Biswa has reached the orphanage to find out more about Maya’s disappearance.

We succeeded to find her alone near the border.

And that milkman?

He’s absconding. It’s been proved that he has links to the girl trafficking criminal ring. How long can he run?
Growing up is the realization of reality. It is to know the rule of life and yet, accept the lack of control over it. It is to discover that there is much more to things that we feel we’ve understood. It is to see that there are alternate truths to the things we feel are true. Growing up is accepting that you don’t always have an answer.
